TECHNOCOM NAMED ONE OF LOS ANGELES' FASTEST GROWING COMPANIES IN DELOITTE'S TECHNOLOGY FAST 50 PROGRAM

4th Consecutive Year TechnoCom has been named to Fast 50

LOS ANGELES, Calif.—September 28, 2006—TechnoCom Corporation, a leading provider of solutions to enable wireless location services and assure their ongoing performance, has been named to Deloitte's prestigious Technology Fast 50 Program for Los Angeles, a ranking of the 50 fastest growing technology, media, telecommunications and life sciences companies in the area by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations. Rankings are based on the percentage revenue growth over five years from 2001–2005.

This year's Los Angeles Technology Fast 50 program is co-presented by Deloitte & Touche USA LLP and Porsche Motorsport, Continental Airlines, Comerica, Marsh, Stradling Yocca Carlson & Rauth, Cresa Partners and Merrill Corporation, in association with the Technology Council of Southern California.

Masoud Motamedi, president of TechnoCom, credits the company's steady growth to demand for its software platforms and services, driven by wireless operators' increasing requirements for consistently high performing mobile location applications and next generation mobility solutions. "Wireless operators' demand for high quality services has led to the deployment of TechnoCom's performance assurance and operations support solutions to reduce churn, lower risk, and decrease operating costs," adds Motamedi.

"Sustaining high revenue growth over five years is an exceptional accomplishment. We commend TechnoCom for making the commitment to technology and delivering on

the promise of market longevity,” says Tony Buzzelli, Regional Managing Partner, Deloitte & Touche LLP in Los Angeles. “We are proud to honor TechnoCom as a Deloitte Technology Fast 50 winner.”

To qualify for the Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2001 and \$5,000,000 in 2005, be headquartered in North America, and be a company that owns proprietary technology or proprietary intellectual property that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify.

Winners of the 16 regional Technology Fast 50 programs in the United States and Canada are automatically entered in Deloitte's Technology Fast 500 program, which ranks North America's top 500 fastest growing technology, media, telecommunications and life sciences companies.
